

**Would you support an increase in sales or gasoline taxes to fund a High Speed Rail network or station in your county?**

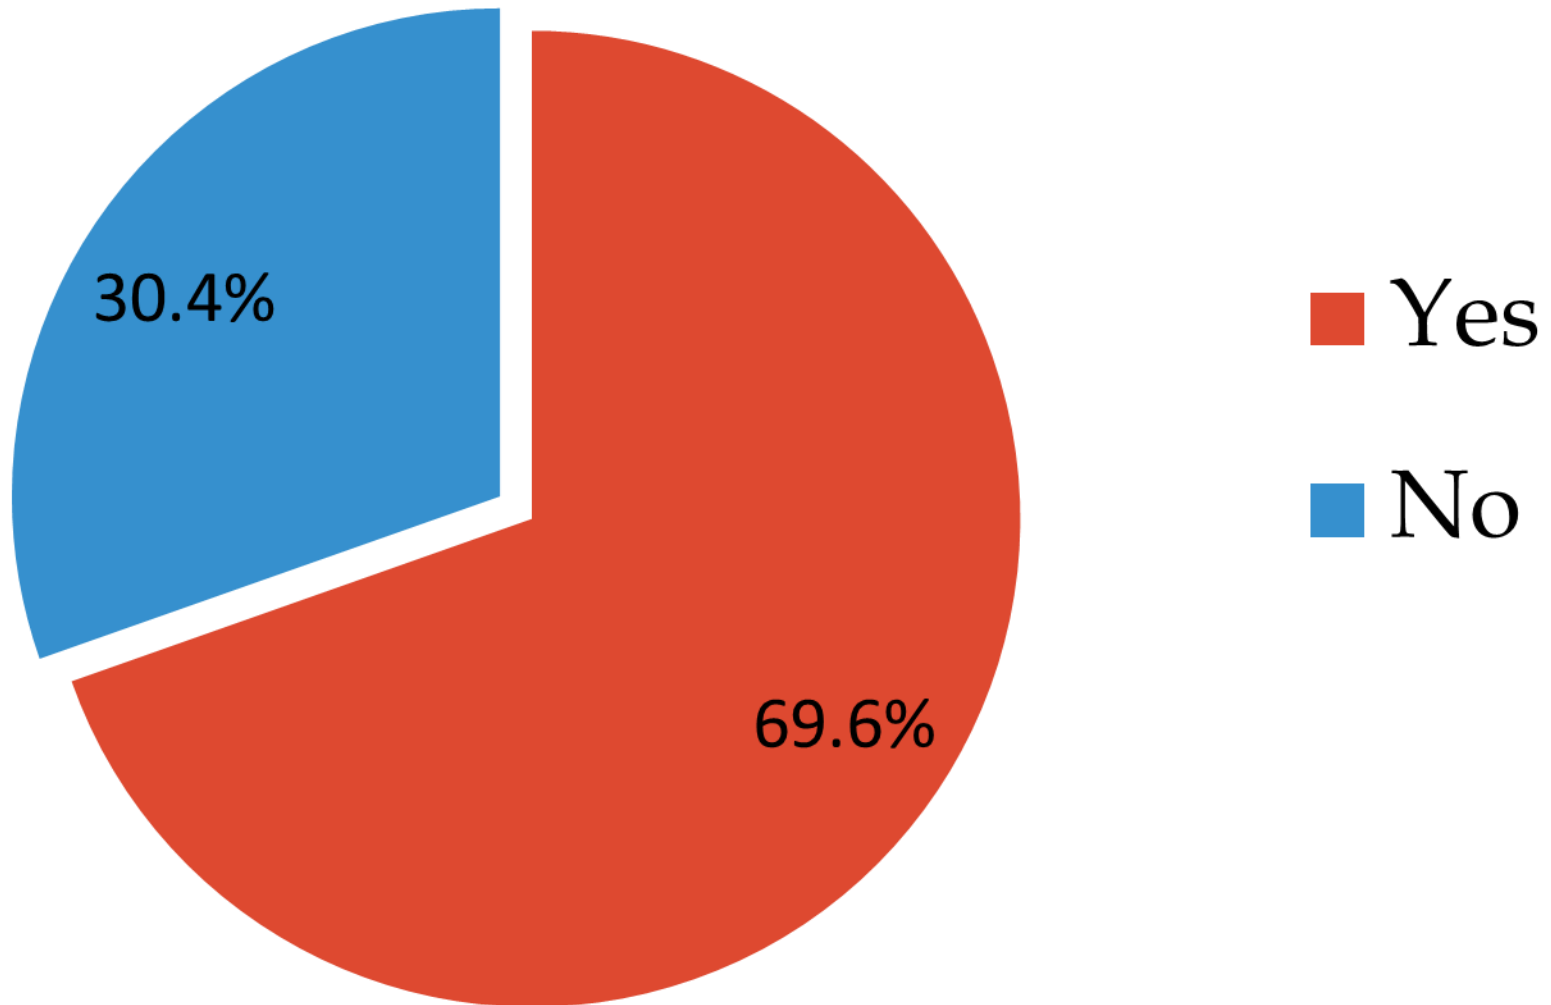

**Do you agree or disagree that a statewide taxpayer funded High Speed Rail network will provide the best solution for California's transportation problems?**

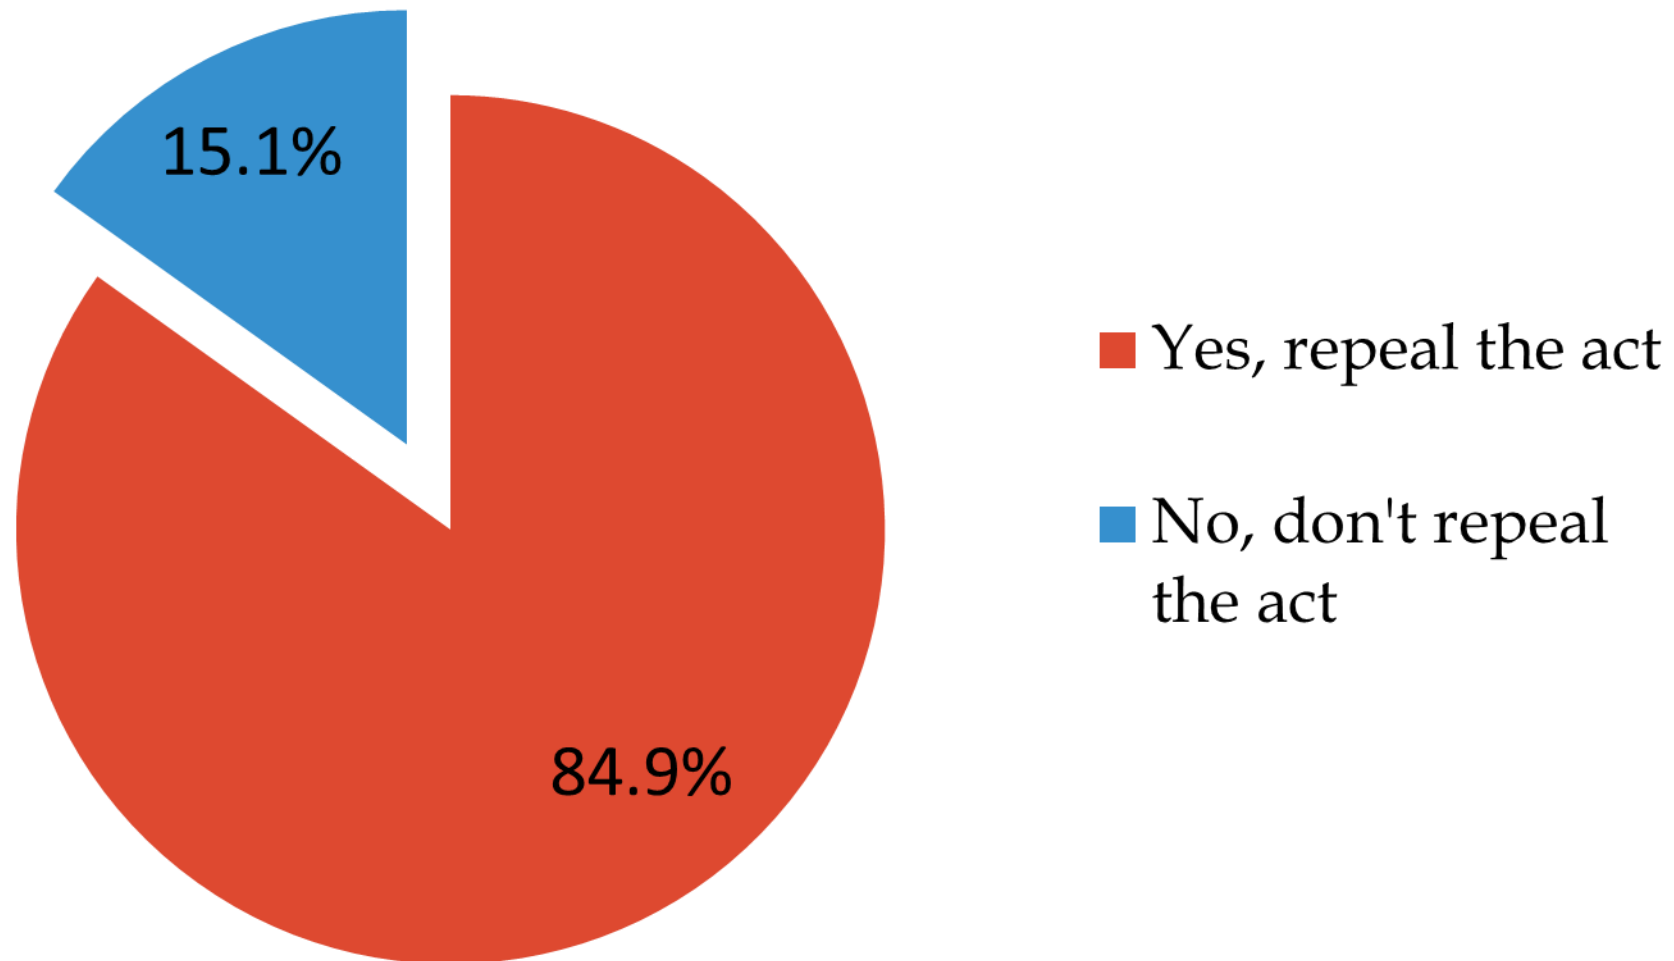

**Do you think your tax dollars could be better spent to solve California's transportation woes?**

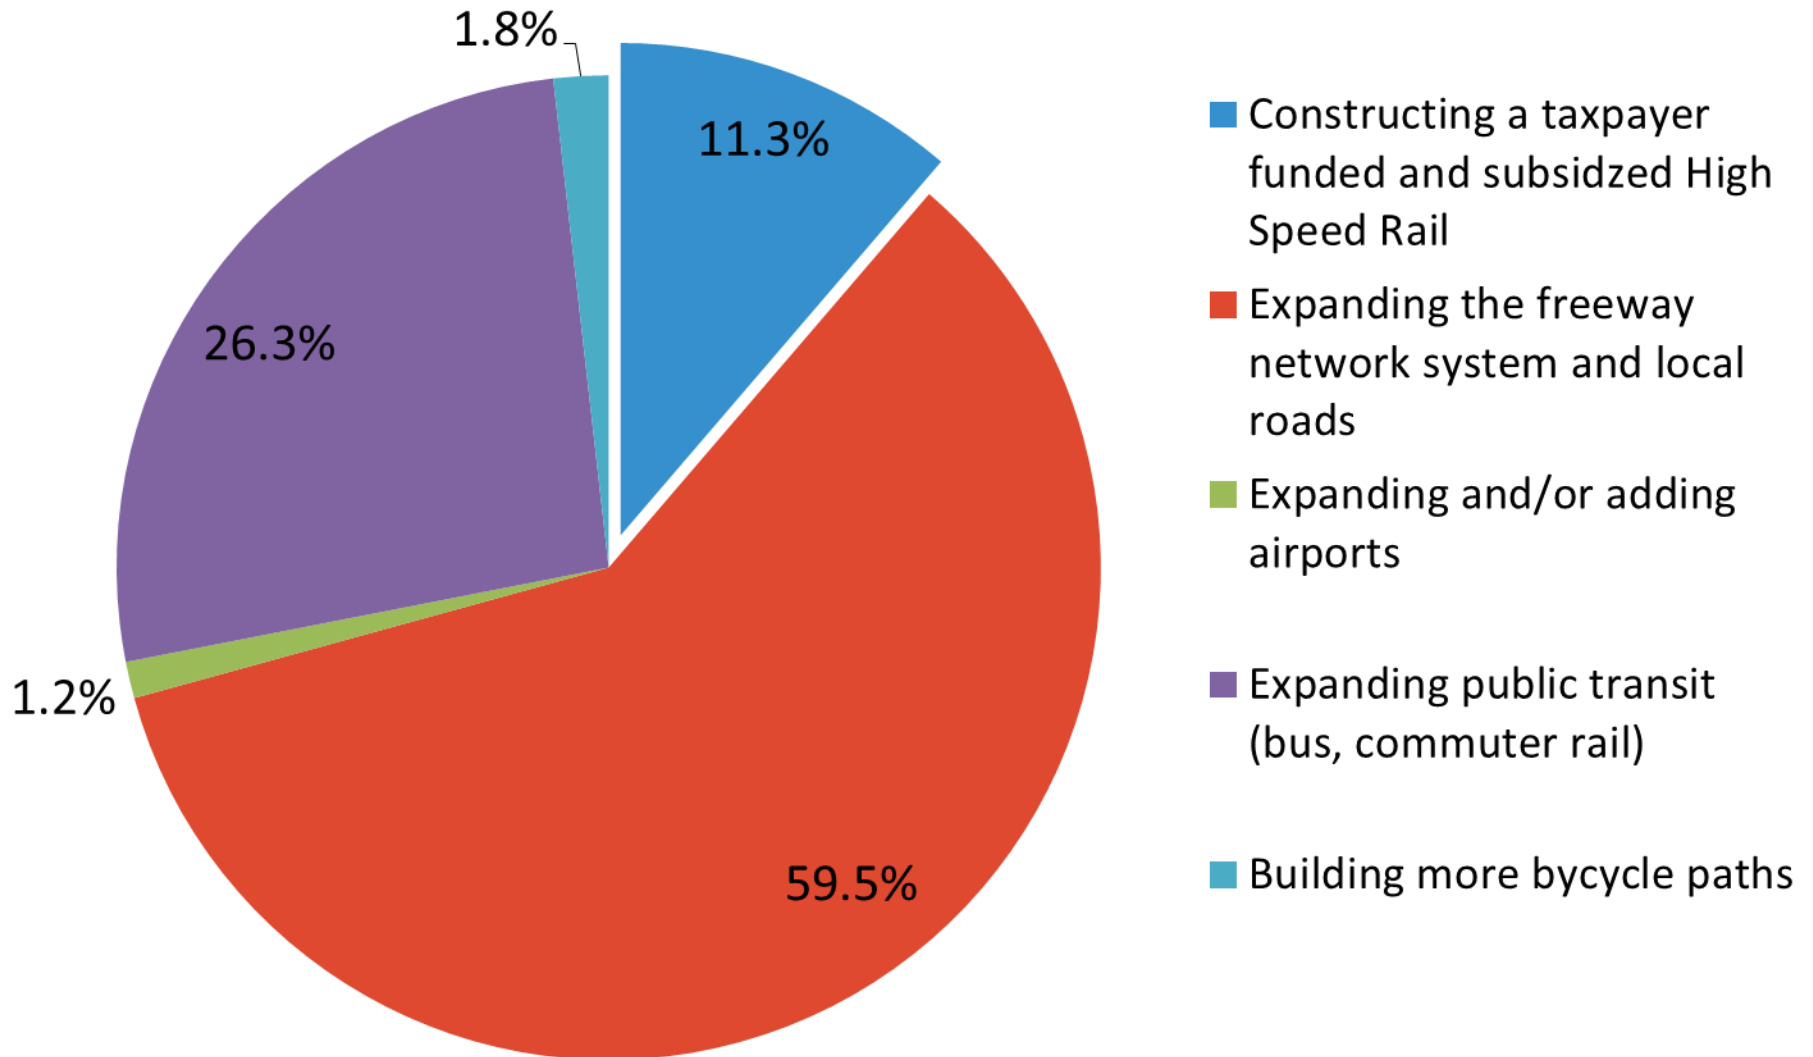

**Do you think your tax dollars would be better spent upgrading and expanding existing rail lines?**

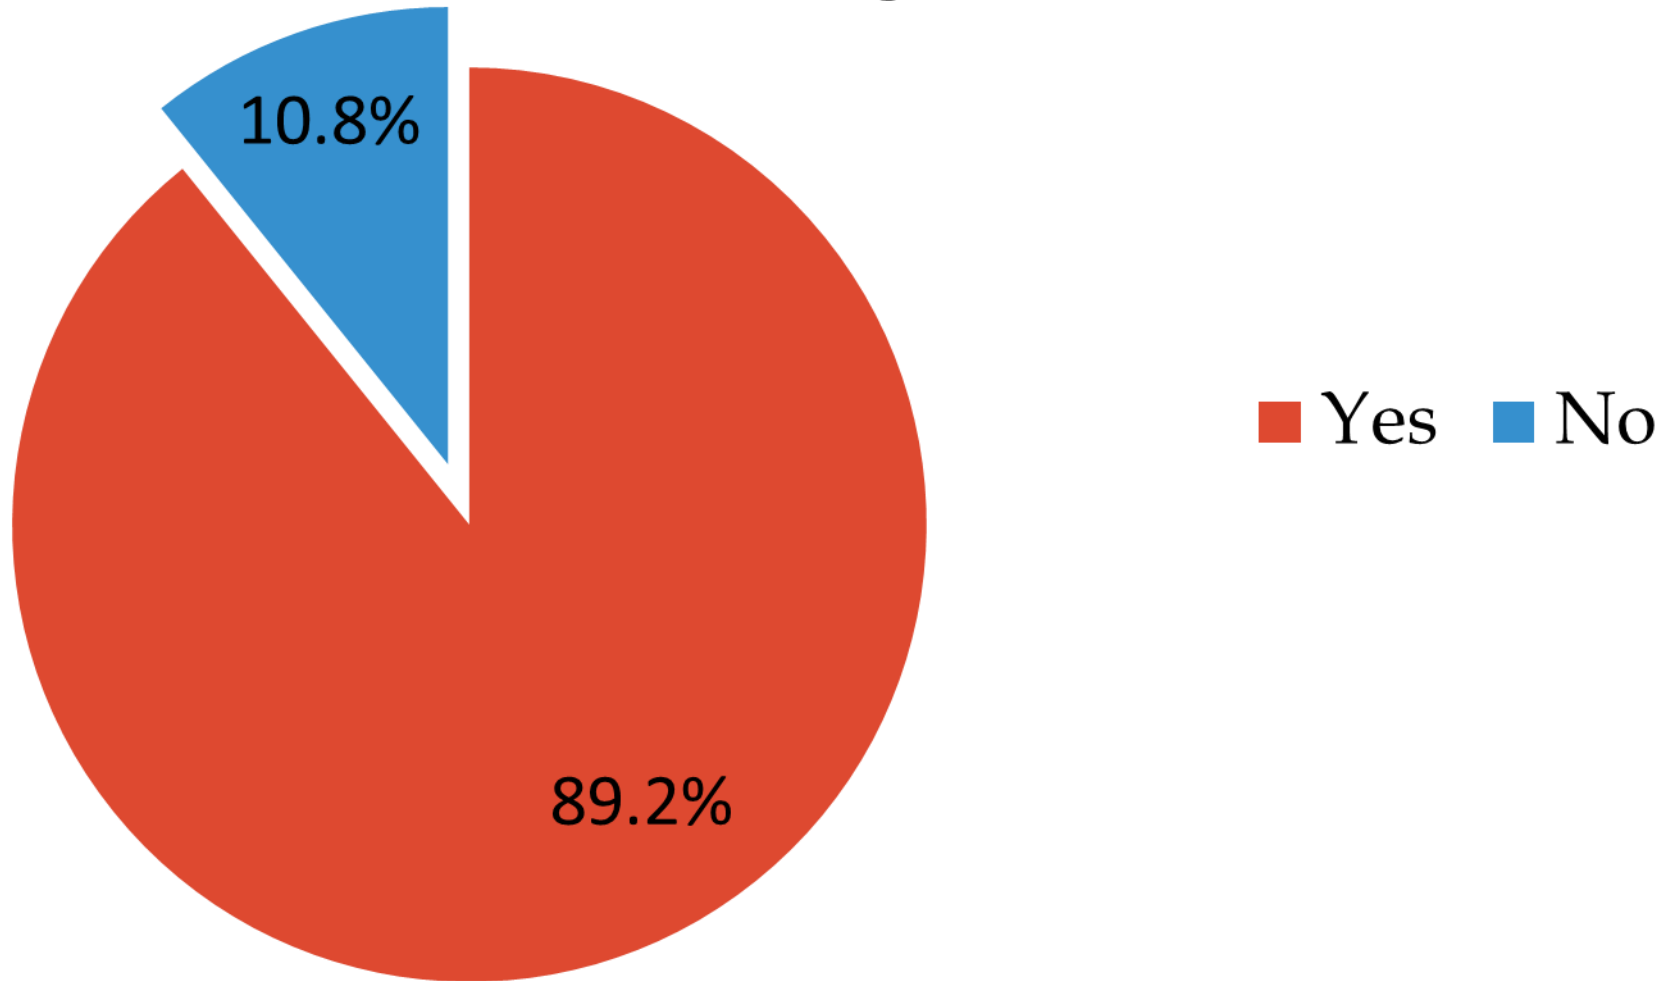

**Do you support halting funding for High Speed Rail by repealing the \$10 billion, taxpayer funded, "Safe, Reliable High Speed Passenger Train Bond Act?"**

## Which of the following do you consider to be the best solution?

**Should state government spend your hard earned tax dollars on other, more pressing infrastructure projects, such as deteriorating road and out-of-code bridges?**

**Which do you believe will do more to create jobs:  
a government High Speed Rail network or  
reducing regulations and state government  
spending?**
